

## What to do when you arrive at Salamanca

### ACCOMMODATION

If you applied for accommodation through the International Relations Service just go to the address you received by e-mail. A couple of weeks before, you should have talked to the owner to inform him about your exact arrival date so he can meet you at the flat to give you the keys. If you don't have accommodation at your arrival at Salamanca, you can stay at a hostel for a couple of days until you found a permanent place to live.
